

Choc 'laCure Thank You

We extend a sincere thank you to all the sponsors and guests of this year's Choc 'laCure evening. With your generous support, The Saskatoon Cancer Centre will purchase Model Based Segmentation software. This new technology maps the body of each cancer patient requiring radiation therapy to provide more precise, consistent and time-saving treatment.

The Choc 'laCure Committee 2007 is pleased to announce funds in excess of \$57,000 have been raised for this purpose.

SAVE THE DATE: Friday, November 14, 2008 ... next year's Choc 'laCure Evening
